The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

VOTE OF CONFIDENCE.

By a majority of 104 the French Chamber of Deputies yesterday afternoon voted confidence in the government and gave the ministers a free hand to employ the measures they think best to re-establish the sovereignty of the law in the disturbed department of the south.

This result came after a day of intense excitement over the mutinous movement of troops in the south, following the widespread disorders of the winegrowers.

The grave view the French capital takes of the revolutionary events in the south of France and the tragic outcome was evidenced by the scene in the Chamber of Deputies yesterday, when the government was interpellated on the measures it proposed to take to re-establish order. Even standing room was not obtainable and many women listened to the debate, which at times was superheated.

Premier Clemenceau lost no time in imparting to the deputies the news from Narbonne, adding to the information already published the fact that over 100 soldiers were wounded in the fighting Thursday with the rioters. The latter, he said, had disappeared from the streets. The peasants from the surrounding villages, terrified at the shooting, took the first trains for their homes.

Then, amid impressive silence, the Premier gave the official version of the mutiny of the battalion of the Seventeenth Infantry at Agde and its march to Beziers. The Premier added that he could not listen to any proposition for the conditional surrender of the mutineers, as it would be a fatal move for the government to capitulate to the soldiery.

He concluded with demanding a vote of confidence in the government, so that the ministers could carry out in the name of the chamber the work of repression on which in the future so much depended.

The opposition deputies fiercely attacked the government, some saying that the country might witness a revolution through the action of the government.

Former Minister of Commerce Millerand's denunciation of M. Clemenceau was particularly violent, but fell flat, as he is strongly suspected of a desire to succeed to the premiership.

Some of the more prominent members of the opposition appeared to place the interests of the country above those of their party, and held up the hands of the government, being desirous of giving the latter time enough to bring the delinquents in the south to account.

After six hours' debate the Chamber generally adopted this view, and by 327 to 223 votes decided to support the Cabinet.

After the terroristic event of Thursday the aspect of Narbonne yesterday was comparatively calm. Soldiers were everywhere in such great force that the inhabitants were at least temporarily coerced into inactivity.

The authorities of Narbonne have issued an order that specific routes must be followed by those attending the funerals of the riot victims yesterday afternoon. The routes will be entirely isolated by troops in the hope of thus preventing dangerous demonstrations.

The receipt of a dispatch from Beziers later in the day announcing that the mutinous battalion had decided to return to the rest of the regiment caused decided satisfaction in official circles, as is was hoped that the action taken would head off any further open insubordination among the troops.

Lightning Causes Confession.

Stricken with fear by a bolt of lightning which struck in the yard of the county prison at Pottsville, Pa., Thursday night, Charles Wawsen, of Shenandoah, arrested on the charge of killing his sweetheart, cowered in his cell, pleading for mercy, and when taken to the prison office confessed that he had shot the girl because she refused to marry him. He also confessed that $400 had been hidden by him and that his story of being robbed of $800 was untrue. Wawsen had been shamming insanity since his arrest and his case had been postponed until September for the purpose of endeavoring to effect a cure. Yesterday he was acting perfectly sane, but is in terror of being hanged for his crime.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: 'Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and an, weakness and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

Salesman Murdered.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. The Biggest Kind of a Change that Ever Happened to Any Magazine Has Happened This Month to

THE SCRAP BOOK

THE SCRAP BOOK for July is issued in two sections—two complete magazines, each with its own cover and its own table of contents. One of these sections is an ALL-ILLUSTRATED magazine; the other is an ALL-FICTION magazine. Each is a mammoth magazine in itself. The one presents an overwhelming array of human interest articles and illustrations; the other an enormous tonnage of fiction—160 pages of absorbing stories.

Ten years ago I created a new type of magazine—the ALL-FICTION magazine. Now I am creating another distinct type—the ALL-ILLUSTRATED magazine. This is the age of specialization. The conventional magazine, with its smattering of illustrations and its smattering of fiction and its smattering of special articles, doesn't contain enough of any one thing to make it satisfying. The ALL-FICTION magazine and the ALL-ILLUSTRATED magazine, joined together as a unit, strengthen each other, and make something really big and forceful and convincing.

The Only Way to Know a Thing is to Try It

The two-section magazine idea is brand-new to the world. It is not quite new with me, however, as I have given it, at odd times, four or five years of thought. It first came into my mind in response to a desire to couple, in some way, the strength of the all-fiction magazine with the illustrated features of the conventional magazine. It has been a difficult problem to work out. Now that the idea is perfected, I wish to see what there is in it. It looks to me to be very good, but the only way to know a thing is to try it.

Two Magazines for a Quarter—Easy Money

The price of this two-part magazine is twenty-five cents, which is equal to twelve and one-half cents a magazine. Most magazines which were selling at ten cents have been advanced to fifteen cents. THE SCRAP BOOK in two parts means two magazines for twenty-five cents against thirty cents for two fifteen cent magazines.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JUNE 22, 1907.

THE FEATURE of yesterday's session of the Virginia State Bankers' Association at the Jamestown Exposition was the address delivered by Vice President Frank A. Vanderlip, of the National City Bank, of New York, who spoke of the country's business outlook. An address equally as important was delivered by Robert B. Armsrong, of New York, on the railroad question as bearing upon the finances of the country, Both speakers were formerly assistant secretaries of the Treasury. In his address Mr. Vanderlip said in part:

Industry as yet has shown only scant signs here and there of declining activity. But nearly all experienced business men are of the opinion that we are facing a practically certain recession in trade, that we have ahead of us a period of smaller industrial totals. Such a view is almost universal among well-informed business men. There is no longer the disposition courageously to enter upon new enterprises. Railways are curtailing expenditures. Bankers are inclined to exercise caution in extending accommodations. Most manufacturers and merchants are planning their fall campaigns with much conservatism. That the period ahead of us is one in which commercial activities will be curtailed and manufacturers' totals show a decrease, there is really little division of well informed opinion. The question that is desirable to consider is only in relation to the extent of this recession. Will it be but a dip, lasting only a few months, giving us but time to catch our breath before we march on to renewed accomplishments in this most wonderful development of prosperity; or is there to be a more protracted and serious disturbance?

I believe the answer to that lies wholly in the public mind and temper. If we are to have legislation based upon political advantage, if we are to adopt socialistic theories which will amount to the confiscation of property rights, if we are are to have reprisal for past wrongs no matter how real, if action is the one thing wanted first, and the consideration of the intelligence and fairness of such action is to come afterward, then I believe it is possible that the whole business structure may be facing a danger, the proportion of which will be measured by the same vast figures as have been the totals that have marked the extent of our prosperity.

The above observations should be considered at this time when thoughtless men are engaged in stirring up friction between labor and capital. Had Mr. Vanderlip never opened his mouth on the industrial conditions of the country, common sense teaches us all that the tide of prosperity will not flow on forever, and that all classes should vie in strengthening present conditions.

STATE Senator Arthur P. Gorman, of Howard county Maryland, was unanimously renominated by the democrats of that county in convention at Ellicott City Wednesday. There was no opposition to the return of Senator Gorman to the Senate, where it is generally conceded that his record was such as to entitle him to return if he desired it. Some months ago he announced that he would be a candidate for renomination, and at that time there was some talk of a fight being made against him. This failed to develop and his friends were in complete control of the convention. However, Joshua N. Warfield, brother of the Governor, and who is chairman of the democratic executive committee of Howard county, declares he will not only refuse to continue to serve, but he does not believe he will support the ticket named by the county convention. He says further that there was a general revolt against the domination of Senator Gorman and that many of the leading democrats who had been devoted to his father refused to follow the son. While the reason assigned for the revolt is that the leading candidates are objectionable to the best people in the county the underlying objection is the refusal to send any Warfield men to the State convention. Senator Gorman, who controls four of the six districts, inherited the feeling his father entertained for the governor, and is determined to give him no consideration. Hence when the delegates were chosen he turned down Warfield, who expected to be chosen a delegate and selected a Gorman man. Senator Gorman, like his father, knows that the Warfields are not true democrats and he did well to turn them down. But for Gov. Warfield's veto of the Maryland franchise bill, passed by a democratic legislature, Maryland would have been democratic for the next twenty years.

AND now the days grow shorter while many are unmindful that they have attained their maximum length.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 22.

The telegraph strike situation is puzzling to Commissioner of Labor Neill, who, when he returned from New York Thursday, thought the whole matter had been settled. He is inclined to believe there has been some misunderstanding between President Small, of the Telegraphers' Union, who ordered the strike in San Francisco, and Vice President Konenkamp, who expressed entire satisfaction with the statement issued by President Clowery, of the Western Union, in New York. He does not think that the trouble at San Francisco will spread to the East. The Commissioner left yesterday to spend a few days at Jamestown. Before going, he had a talk with President Gompers of the American Federation of Labor, and H. B. Perham, President of the Order of Railway Telegraphers. The result of the conference was not disclosed. It is safe to say, however, that so long as the strike remains purely local to San Francisco, the American Federation of Labor will take no hand in it.

In its campaign for pure milk in this country the Department of Agriculture today sent out to the public hundreds of copies of the report of the government committee on sanitary relations, originally intended to deal with the milk supply in Washington. In speaking of the opposition of the milk industry to reasonable requirements, the committee says in answer to criticisms of its policy: "The men engaged in this industry evidently do not know that such hydra-headed disease as cholera infantum, scarlet fever, and diphtheria have been disseminated in the milk supply; that typhoid fever epidemics have been thus caused, and that milk may be the vehicle of the germs of the tuberculosis and other infectious diseases and morbific agents." It is urged that no milk dealer be patronized whose milk after standing for over two hours or more reveals a visible sediment at the bottom of the bottle; that all milk be pasteurized by simply bringing it to the boiling point and, after cooling, keeping it on ice.

This morning about five o'clock a policeman found the body of a young white man at the railroad tracks at 15th and M. sts. s. e. His head had been completely severed from the body. On bis hat band was found the name of F. G. Hoffman. There was nothing else to identify him.

Acting Secretary of State Bacon has cabled to Minister Merry, at San Salvador, requesting him to forward a full report upon the case of the two American citizens, George and Edward Meissant, who were in prison there under charges of having taken part in a revolutionary conspiracy against the Salvordoran government. Minister Merry has informed the State Department that he has taken vigorous messures in behalf of the two men.

Most of the principal nations of Europe are anxious to avail themselves of the modifications in the administration of the customs laws of this country which were arranged for in the recent tariff agreement with Germany and which Secretary Root announced would be made applicable to all countries provided the conditions were similar. The principal change was that the valuations placed by German chambers of Commerce on goods intended for export to the United States should be accepted on this side as the basis for the assessment of duties.

Mabel Straub, nineteen years old, took a dose of carbolic acid at her home on Brightwood avenue last night with suicidal intent. The reason given was a love affair and directly because of a quarrel with her sweetheart.

The following changes in the fourth class postoffices in Virginia were made today: Chatterton, King George county, Va., Sophia P. Tayloe, appointed postmaster, vice M. M. Clift, resigned; Flat Run, Orange county, Va., Oscar H. Scott, appointed postmaster. vice Wm. T. Watson, resigned; Hawley Springs, Lockingham county, Va., Edward H. Plummer, appointed postmaster, vice S. A. Mowbray, resigned; Woolsay, Prince William county, Va., Charles W. Forsyth, appointed postmaster, vice L. K. Lynn, resigned; Yorkville, York county, Va., Mary E. Hunt, appointed postmaster, vice F. L. Williams, resigned.

Because he had a wife and almost a dozen children, threatened with starvation, the ten months sentence of imprisonment of Fate Hicks, a Tennessee moonshiner, has been commuted, to expire immediately. Hick had a small whiskey still on his farm, and was just putting it into operation when the revenue officers apprehended him. The condition of his family appealed strongly to the President's sympathies. The sentence of W. W. Lea, a Nashville, Tenn., bank clerk, who got five years for embezzlement, has been commuted by the President.

Investigations by the Department of Justice disclose the fact that the tobacco trust monopolies the wholesale tobacco trade of the United States is rapidly obtaining control of the retail trade.

Confession of Young Burglar.

After a grilling third degree, administered to him in the Mineola jail yesterday, Christopher Schang, one of the gang of Long Island, N. Y., automobile thieves, who have looted scores of millionaires' homes during the last six months, confessed to 13 robberies. The youth declared that he and August Von Ferrig, who was arrested as a fence for the gang, entered the houses they elected to rob, prepared to chloroform the inmates,

They carried with them spray guns containing either and chloroform and upon entering the rooms of the sleeping men and women, sprayed them with the anesthetics until they were unconscious. Then they proceeded leisurely about their business of robbing the houses. Young Schang said that Von Ferrig took the command in the pilfering and that he always carried a bottle of acid with which to test the silverware and gold. If it was plated it was not taken.

After confessing to 13 robberies on Long Island, which is only a fraction of the number charged to the gang, the prisoner told of many plans that had been framed for jobs in Manhattan, Brooklyn and the Bronx.

Jones Will Case Dismissed.

Following the dismissal by Judge Scott in the Circuit Court of Richmond, of the suit brought by W. E. Thomson and his sister, Virginia Thomson, of Norfolk, to break the will of the late Edward Wilson Jones, bequeathing to the University of Virginia the bulk of a $250,000 estate, cutting off the relatives of the testator, the Thomsons yesterday entered suit in the Norfolk City Circuit Court to break the will. Judge Scott dismissed the case for want of jurisdiction. About $ 175,000 of the estate is willed to the University of Virginia. The Norfolk Bank for Savings and Trusts, as executor the rector and trustees of the University of Virginia, R E. Lee Camp, Confederate Veterans, of Richmond, and other beneficiaries under the will are made defendants to the suit.

Rosa Zemne, the little girl who was shot with her tiny brother by her father, in Wilmington, Del., on Thursday night, did not survive him long. She died today in the Delaware Hospital.

News of the Day.

Col. Spencer C. Jones, the veteran warhorse of the democratic party in Maryland, is a candidate for the democratic nomination for governor.

Mayor McClellan on Thursday turned sod for the $161,000,000 Catskill water works, which are to add 600,000,000 daily gallons to New York City's supply.

Isador Wormser, a rich banker, head of the firm of I. & S. Wormser, died last night at his home in New York of gout and general debility due to old age. He was seventy-seven years old.

Mrs. Emma Kauffmann, of Sioux Falls, is at liberty under a bond of $25,000 pending argument on a motion for a new trial. She was convicted of first degree manslaughter for causing the death of Agnes Polries, a 16-year-old servant in the Kauffmann home.

Frank C. Bostock has formed a $5,000,000 trained animal trust with English and American capital. Mr. Bostock says it will control 99 per cent. of the trained wild animals in existence. He has arranged arenas in some of the principal cities in this country and Europe.

Mrs. Daisy Gordon Maud Hanna was yesterday granted a divorce from Dan R. Hanna, son of the late Senator M. A. Hanna, in a Cleveland court on her charge of cruelty and neglect of duty. Mrs. Hanna was given the custody of her child and the alimony was settled out of court.

Captain Fiizhugh Lee, 7th Cavalry, one of the President's aides, has been ordered to Fort Riley, Kansas, and report in person July 1, 1907, to the commanding officer of the 1st squadron, 13th Cavalry, at that post, for duty during the march of that squadron to Fort Sheridan, Illinois, and upon the completion of this duty will return to his proper station in Washington.

When the State yesterday closed its case against William D. Haywood at Boise, Idaho, charged with the murder of Frank Steuneuberg, the defense made an unsuccessful attempt to have the court direct the jury to acquit the prisoner on the ground that the State had not proved its charge. Judge Wood's ruling which requires the defense to meet with evidence the case that the State has presented, was made at the close of court, and it was then arranged that Haywood's counsel should make their opening statement and present their first testimony on Monday.

Virginia News.

Mrs. Nannie L. Booth, of Danville, attempted to poison herself because her daughter, Mary, eloped with Edward K. Broadus,

Charles Wise, son of William N. Wise, of Leesburg, died yesterday at his father's home of pneumonia and typhoid fever, aged twenty-six years. He was a civil engineer, and recently held a responsible position with the Western Maryland Railroad Company at Hancock, Md. He was unmarried.

An explosion occurred Thursday at the Romaine fire works factory, in Blandford, in one of the buildings where the loading is done. The building was blown to pieces, and one of the employes, Ben Talley, who was in the house at the time, was so badly injured that he died soon after. The unfortunate young man was a son of John Talley, of Church road, Dinwiddie county, 27 years old and unmarried.

Mr. L. Passanno has sold the C. E. Strother place near Markham containing two thousand acres to Mr. Gilbank Twigg and Mr. J. M. Rhind, of New York. This is fine grazing land and was long known as the Orr estate. It is said to have fattened annually 350 export cattle. It is understood the new purchasers will improve the property by building and otherwise and that they are in every way desirable acquisitions to the neighborhood and county.

Bringing California's Fruit to Market.

To keep ahead of the rapidly increasing growth of California fruit shipments the Southern Pacific is now having built 6,600 of the largest, most scientific and most expensive refrigerator cars that have ever been turned out. A large number of cars of this lot are now in use. They are coming out of the shops at the rate of 25 per day and, as the demand increases, additional equipment will be added to the 6,600.

All the year around demand for oranges has increased to such magnitude that the California growers have found it necessary to propagate more very-early and very-late varieties, until now there is not a day in the year in which citrus shipments are not made from the State. The bulk of the fruit, however, is handled between January 1st and July 1st. Some 20,000 cars have been shipped this season and there remain about 8,000 cars to move, which are now going out at the rate of 125 cars per day. On account of the increased acreage that is coming into bearing, next season's crop is estimated at about 35,000 cars, the movement of which will begin in November.

To the orange and lemon shipments are constantly being added larger quantities of small fruits which this year will reach 7,000 carloads. Three thousand cars of vegetables have also come eastward from California in the past season. Owing to the high temperature in which California fruit is loaded, and its extremely perishable nature, the railroad company must give the most perfect service to handle such products successfully. From the first carload of California fruit shipped eastward in 1869 the orange, lemon, and grapefruit shipments alone have grown to 30,000 carloads, valued in one season as high as $27,000,000. This has been made possible mainly by the refrigerator car, in the most improved types of which now being built for the Harriman lines the temperature does not change more than two degrees in ten days.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Today's Telegraphic News.

The Telegraphers' Strike.

New York, June 22.—"A badly muddled mess" is the way the New York members of the Telegraphers' Union chracterized the strike in San Francisco by President S. J. Small, of the Commercial Telegraphers, yesterday. A short life is predicted for the movement.

San Francisco, June 22.—The Postal Telegraph Company operated its wires with a small force of men and its wires were not molested. The Western Union, however, was greatly troubled by operators at way stations along the lines opening their keys and otherwise interfering with traffic.

The leased wires of the Scripps-McRae Press Association are fully manned and news will be dispatched over them with little or no delay. According to information received here the Western Union has a force of strike breakers on the way.

Gen. Superintendent Frank Jaynes of the Western Union said today: "We will not deal with Commercial Telegraphers' Union. We never have discriminated in favor of or against members of the union. We have hired our telegraphers regardless of their affiliation with any labor organization, and we never have asked an employe whether he belonged to the union. We never have been unwilling to deal with our employes, but never with the union. I believe that if the men had agreed to confer with us as employes that their demands could have been satisfactorily adjusted."

Mr. Small called and was told that the company would not confer with him or any member of the organization.

The Western Union has applied for police protection and already has secured Pullman sleepers and diners from the Southern Pacific in which to quarter and feed their employes at Oakland.

Superintendent Jaynes has posted notice to the effect that all operators remaining with the company will be paid double salary, board and lodged free and given ample protection in the performance of their duties.

The Disorders in France.

Paris, June 22.—Premier Clemenceau's victory in the Chamber of Deputies yesterday afternoon when after the stormiest session witnessed in years he secured a vote of confidence for himself and his policy by a vote of 326 to 223, today promises to prove a two-edge sword.

News of the government's support of Clemenceau has been slow in getting to the south, but it is spreading rapidly today, and instead of weakening the rebels or causing them to falter is proving a red flag flaunted in the face of the bull of discontent.

Reports received from Narbonne, Beziers and Agde today indicate that the mutiny of the troops has been quelled, temporarily at least. The loyal military and the police have the situation in hand, but the government makes no attempt to disguise the fact that the situation is serious and fresh outbreaks are expected.

Predictions of the downfall of the present ministry are freely made today. That the situation with the Cabinet despite yesterday's action is the gravest is generally recognized.

An indication of the seriousness with which the trouble in the wine growing district is regarded was given when it was officially announced today that the intended visit of President Fallies to Bordeaux has been postponed. A new light was thrown on the situation today by a telegram to the Minister of War by General Bailloud stating that much of the disorder incidental to the mutiny of the troops yesterday was due to holiganism and not to the main body of the strikers.

Paris, June 22.—Delayed dispatches just received here in consequence of wires having been cut by rioters state that riots of the most serious nature occurred last night at Montepellier. Details are lacking other than the gendamres were unable to cope with the rioters and were badly worsted.

Trolley Cars Collide.

Newark, N. J., June 22.—A Plank Road special car, filled with excursionists, smashed into the rear of another car near the Hackensack river bridge early this morning. A dense fog covered the Meadows last night and it was due to this fact that the accident happened. The trolley pole of one of the cars came off and the car was thrown in darkness. While the conductor was trying to replace the pole a Plank road car running at high speed dashed into the stalled special. The rear platform of the stalled car crumbled as paper as the forward end of the Plank Road car telescoped it. The motorman of the Plank Road car, Joseph Shields, was thrown under his car and pinned fast in the wreckage. He was badly bruished about the lower part of the body and possibly internally injured. Five women passengers who fainted after the crash were pulled out from under the feet of the other passengers. They all sustained severe bruises and suffered from the shock.

Killed Wife and Committed Suicide.

Wilmington, Del., June 22.—Because his wife went walking with another man late last night, William O. Poore sent a bullet into the woman's heart, shortly after 10 o'clock last night and then turned the weapon on himself. He died later in a hospital.

Mrs. Poore had gone walking with Mrs. Nicholas Katarina, an American woman, and they were accompanied by two men, one of whom was Frank Albaski. Poore met the quartette first and he stabbed Albaski in the head twice with a knife and then ran away. Poore later found the trio in the drug store and drawing his weapon did the shooting. The dead woman was 23 years of age and came here from Pittsville, Md., a short time ago.

Another Divorce Case.

New York, June 22.—Through the filing of a notice for an order restraining his wife from taking their children out of the State it became known today that Mrs. Daniel LeRoy Dresser, has sued her husband, who is a brother of Mrs. George Vanderbilt, Mrs. John Nicholas Brown, mother of "the richest baby" and the Countess D'Camacy, of France, for divorce. The Dressers were married in 1887, and have two children. Mrs. Dresser was formerly Miss Emme Louise Burnham, whose family were prominent in the social world. Dresser is a son of Col. Dresser, U. S. A.

Little Girl Buried Alive.

West Chester, Pa., June 22.—Only a lingering doubt and the desire of his friends to believe his protestations of innocence early today prevented an attack upon Irwin Lewis who is under arrest charged with burying alive his five-year-old step-daughter, Mary Robbins Newlin, whose body was taken from a rude grave late yesterday in the presence of Lewis himself, a great crowd of men and over two hundred women. The discovery of the buried body of the child and the absolute definite determination of the autopsy physicians that the little girl was buried alive and that her death was caused by smothering, has aroused the country side to the greatest excitement. The child's head was wrapped in a rough burlap bag and a hemp cord was fastened about the neck. The physicians say the string was not fastened tightly, and that death could not have resulted from that cause.

It is the belief of Prosecutor McElree, of Chester county, that the bag was thrown over the child's head from behind and she was thrown into the grave and buried, being unable to cry out. The birth of little Mary had been a cloud in the Newlin family of which Mrs. Lewis is a member. Edna Newlin was employed at the Asylum for the Insane at Embreeville when she became engaged to marry a man who also worked there. The wedding day was set when her finance disappeared. She went home and little Mary Robbins Newlin was born under her father's roof and was taken into the family. The Newlins stand high in the community and they demanded that their daughter should be ostracized. It is said that much unpleasant gossip had been going. Lewis always protested his love for his wife's child.

Statue Unveiled.

Wilmington, Del., June 22.—Thousands of people witnessed the unveiling of the statue errected to the memory of Thomas F. Bayard, Secretary of State under President Grover Cleveland and also the first ambassador of the United States to a foreign country, which took place here today. The government was represented at the unveiling by Oscar S. Strauss, Secretary of Commerce and Labor. Keen disappointment was felt at the inability of former President Cleveland to be present and his speech was read by Professor John Bassett Moore of the Columbia University of New York. The statue was unveiled by Mrs. Bayard.

Two-cent Passenger Rate.

Chicago, June 22.—The Inter-Ocean today says: "Passenger rates on all roads in the State will be reduced to two-cent a mile. The lowering of the price and complete abolition of the old three-cent rate will begin on July 1. This is the decision reached in Chicago by the leading railroads presidents of all the western and turns continental roads. It was not a formal agreement but it equally bidding for two large roads doing a trans-continental business are raid to have served an ultimatum to others that they would put the rate into effect immediately. They said that no further fight would be made on the law."

Shot by Policeman.

New York, June 22.—Dying in the New Rochelle Hospital Frank Skidroma lies uncoscious today as the result of being shot by Policeman Savage of the Pelham station. The policman was searching for the murderers of Millionaire Rosenheimer, who was killed on his estate early in the week. He saw Skidroma skulking near the place and called on him to stop. When he paid no attention the policeman fired. It is stated that before night two arrests will be made. Detectives are working on several clews and are confident that one of them will lead to the arrest.

Extensive Fire.

Lowell, Mass., June 22.—Loss estimated at $100,000 has already been caused by a fire which broke out here early today. St. Paul's Methodist-Episcopal Church, the skating rink, the bowling alleys and the Peabody livery stable, in the heart of the city, were quickly ignited. The fire is still burning with 15 streams of water being played upon it by the entire department of the city. The fire is supposed to have started from a cigar stump thrown on the floor in the rink at the wrestling match last night.

Seven Hundred Porsons Homeless.

Alberque, N. M. June 22. The Rio Grande, swollen by rains in New mexico has passed the danger stage along the valley south of this city and thousands of dollars worth of damage is being done. Guadalagara, a hamlet of 700 people in Scorro county, is reported entirely washed away and the natives homeless. Great damage has been done in San Antonio, N. M., and at San Pedro, Sananetto. A large force is working on the leves to keep the water out.

Germany Stirred Up.

Berlin, June 22.—All Germany is stirred today by the announcement in the Rhenish Westphalian Gazette of a new triple alliance secretly formed between England, France and Spain. The Gazette takes an exceedingly pessimistic view of the situation and declares that a continuation of the alliance must inevitably provoke an Anglo-German war before many years.

Rioting in Lisbon.

Paris, June 22.—Several people have been killed and dozens injured as a result of a cavalry and infantry charge into a mob of rioters in the streets of Lisbon, according to dispatches received here today. Trouble has been brewing for some time, and a number of minor demonstrations have taken place, but the rioting reported today is the first that has been attended by fatal results.

The Haywood Trial.

Boise, June 22.—The defense of Wm. D. Haywood will be opened Monday morning when Attorney Darrow will make a statement and it is said that it will be of long duration as probably 150 witnesses will be called to testify. Much of the testimony will be an effort to discredit the confession of Harry Orchard.

Preparing for Coroner's Inquest.

Bridgeton, N. J., June 22.—Every preparation was made today to make the coroner's inquest next Tuesday into the death of Marie Vennell, who was drowned while boating with Geo. Evans, so complete that every phase in the case will be developed and the mystery dispelled. The authorities today learned the significant fact that Marie Vennell was an expert swimmer, and that in view of this, it is all the more remarkable she should have drowned in such shallow water. Some significance is given the story that she was preparing to be married, presumably to Evans.

Verdict for Defendant.

Fredericksburg, Va., June 22.—The jury has found for the defendant in the suit of W. L. Dempay, of this city, for $5,000 for alleged injury to the character of his daughter, Madeline, by taking her away from her home in Washington.

The evening session was taken up in showing that the girl had run away from home before, using an assumed name and lieing to her father when found. Her father was the star witness in the case.

The girl testified that at no time did Dickson make any improper proposals to her, but always treated her well.

Vetoed by Mayor Schmitz.

San Francisco, June 22.—Mayor Schmitz has vetoed the appropriation of $720,000 made by the board of supervisors for the reconstruction of the Geary street road. The mayor also objected to the levy of a special tax to raise revenue for the city government.

The supervisors do not question Schmitz's right to pass upon the budget.

Monday the appelate court will pass upon Schmitz's application for a writ of habeas corpus and bail.

Boy Attacked by Dogs.

Camden, Del., June 22.—Paul O. E. Chesler, 10 years old, son of Martin D. Chesler, was savagely attacked by two dogs last night and it is doubtful if he will live. The boy was passing the home of John B. Manahan, cashier of the Camden Bank, when some thoroughbred fox hounds burst from the yard and beset the little fellow. The lad ran as fast as his legs could carry him, but two of the dogs caught up to him and seized him. The dogs chewed and tore both of his legs and arms and dragged him to the ground. Dr. Luther Conwell, who treated the boy, found that there were twenty wounds on the lad's legs and arms.

The New York Stock Market.

New York, June 22.—The dullness that has been the prevailing feature of the market all through the week reached its extreme limit this morning, the sales in the first hour amounting to only 18,000 shares. Price movements were confined to small fractions, almost all in the shape of declines. The market closed firm, flat and colorless.

THE POLL TAX.

To the Editor of the Alexandria Gazette.

I have just read with much interest Senator Machen's open letter on the payment of the poll tax as a prerequisite to the right to vote.

He is undoubtedly right in the suggestion that under the present law, requiring the payment to be made at least six months before the election, usually the tax may be paid within a short time of the county and State primaries, which for the most part are the important elections; and thus the real object of the law is defeated, if that object be to require the payment of the tax so long before the election as to practically insure its payment by the tax payer himself.

But in suggesting nine months before the election as the period at which the poll tax should be paid in order to entitle the tax payer to vote, Mr. Machen evidently loses sight of one thing:

The constitution of Virginia (1902), sec. 122, and the acts of assembly, 1902-03-04 pp. 412, and 889, provide that in all incorporated cities and towns the elections for mayor and councilmen shall be held on the second Tuesday in June.

Therefore, under Mr. Machen's provision, no one could vote in the municipal elections held the second Tuesday in June unless he had paid his poll tax before the second Tuesday in September of the proceeding year, at which time the tax bills would hardly be in the hands of the treasurer. In fact, it frequently happens that the commissioner's books are not in the hands of the treasurer before October.

It seems to me the law ought to be uniform. Certainly the present law is very confusing to many voters. And Mr. Machen's proposed change will not make it less so. The tax payer is required to pay his poll tax by one time in order that he may vote in certain elections; and by another time in order to vote in other elections. And I believe it is claimed that in certain other elections the prepayment of the poll tax is not a prerequisite to the right to vote. And so it is that many of our best and most intelligent citizens are a little bewildered; and the judges of election render conflicting decisions, and small blame to them.

Over all the State in the cities and towns, I have no doubt that many excellent citizens were unable to vote in the municipal elections this June, simply because their attention was fixed on the 5th day of May as the time by which the poll tax must be paid in order that they might vote in the November election for State and county officers and entirely overlooked the important fact that this tax should have been paid by the 11th day of last November in order that they might vote in the municipal elections. And thus it happened that these good citizens, many of them of the highest order of intelligence and patriotism, were disfranchised by reason of their unfamiliarity with a complicated law. And Mr. Machen's amendment, instead of affording them relief, will still farther confuse them.

Then, too, special elections are ordered for various purposes. And while I do not undertake to say how such a case would be decided in the event of a contest, yet it would seem from a casual examination of section 21 of the constitution that no person, unless exempt under section 22, can vote in a special election held to fill a vacancy in an elective office, unless he has paid his poll tax at least six months before such election. So a voter who invariably pays his tax by May in each year in order to vote in the November elections—and we have an election every November—might easily be taken by surprise and deprived of his right to vote in a special election held on less than six month's notice, to fill a vacancy. For example: If, upon the death of Congressman Rixey, early in February, the Governor had ordered a special election to be held July 1 to fill the vacancy, every voter in the district, assuming the above construction of section 21 of the Constitution is correct, who had not paid his capitation tax by January would have been deprived of his right to vote in such special election. Mr. Machen's provision would disfranchise even those who had paid in November. Under section 89 of the Code (1904) a special election to fill the office of governor must be held within sixty-five days after the vacancy. So it is easy to see that if such a vacancy occurred at the right time, no one except old soldiers could vote, either under the present law or under Mr. Machen's amendment, no matter how promptly poll taxes were paid.

Therefore, if it is desired that the personal payment of the poll tax, except as to old soldiers, be a prerequisite to the right to vote, and that this tax be paid at such a period as to practically insure that no candidate, either in a general election or a primary, shall unduly interest himself in its payment, I make the following suggestions:

That all of the otherwise eligible electors who pay their poll taxes on or before the first day of December, or some other certain and fixed day, be allowed to vote in all elections, regular, special and primaries, and none others. The treasurer of each county and city should be required to file with the clerk of his court, by the first day of January succeeding, if December 1 were fixed as the date of payment, a list of all persons who have so paid their poll taxes, which list should be kept open at all times to public inspection.

I would also suggest that for a certain period before each election no one be allowed to make application to the judge to correct the list. Provision could easily be made for young voters who become of age too late to be assessed with a poll tax.

There would be several advantages in such an arrangement:

First, it would be uniform in its operation, and easily understood. There would be no chance for a June municipal election or a special election to slip up on a voter and take him by surprise;

Second, it would give any voter whose name might, through inadvertance, be left off the list, ample opportunity to have the error corrected long before even a primary election in which he claimed the right to vote. And it will be recalled that under the present primary law, only those entitled to vote in the succeeding general election may vote in the primary. In the primary just held in some of the counties some of the lists were published too late to have any errors corrected.

Third, it would give the candidates in the primaries, as well as in the other elections, full opportunity of knowing in advance who had the right to vote; and

Fourth, it would deprive the various treasurers of the immense advantage they now have, a very dangerous advantage it might be if they happened to be interested in the election, either as candidates for reelection, or as candidates for other offices, or otherwise, The list of voters would be made up and open to inspection long before the primary. But now, if the primary comes at an opportune time, a treasurer may keep his list of qualified voters a secret until the very eve of a primary in which he may have the deepest interest. Knowing who his friends are, he can himself pay the tax after the specified time, and include such names in his published list.

I do not mean to say any treasurer has ever taken advantage of his position. But one of the very objects of the law is to remove from every one the temptation to juggle with or violate the statue.

Certainly the present arrangement does not seem to work very satisfactorily, and can and ought to be remedied. I agree with Mr. Machen that this is a good time to agitate the matter.

While some plan more feasible than the one outlined may be suggested, I make these suggestions in the confident belief that, if adopted, Mr. Machen will find a definite and uniform plan more satisfactory than an arbitrary nine months' period.

CALLED ON SUPERINTENDENT.

A committee composed of two members of the trades council of this city and three members of the railway men's union called on Superintendent Colvin, of the Washington, Alexandria and Mount Vernon Railway Company, yesterday to discuss relations existing between the company and the recently organized union of employees. Mr. Colvin, it is said, declined to treat with the committee as a whole, but reiterated to the two members of the Alexandria Trades Council his statement that the company reserved the right to employ and discharge whom it pleased, regardless of the existence of an organization among the men.

A mass meeting is to be held in the Opera House tonight. The Alexandria Trades Council and the local union of railway men will have the meeting in charge. Among the speakers expected are Samuel Gompers, president of the American Federation of Labor; William B. Fitzgerald, of Binghamton, N. Y., a member of the national board; John H. Brinkham, president of the Central Labor Union, of Washington, and Samuel De Nedry, general organizer of the American Federation of Labor.

COLLECTOR'S SETTLEMENT.

The finance committee held a meeting last night at the Auditor's office and examined and settled the accounts of Tax Collector P. F. Gorman. A very satisfactory condition of tax matters was the result of the examination of the accounts. The delinquent list was small, comparatively, and much less than at any time in the history of the city, certainly for the last thirty years—information easily obtainable from the public records. Small in amount was the delinquent list of 1906, which was only $2,200 and of which not less than $2,100 will be collected at the annual tax sale in December next. The bills charged to the collector—that is, 1906 bills, amounted to $100,038.53, of which $84,378.20 was paid during the period in which ten per cent. discount was allowed, which shows that the collector was energetic in his efforts.

WEDDING IN WINCHESTER.

Miss Lelia Moss McGuire, daughter of Dr. and Mrs. William P. McGuire, and Mr. Lewis Huntington Hyde, of New York, were married at Christ Episcopal Church, Winchester, at noon today, the rector, Rev. William D. Smith, officiating. The wedding was followed by a breakfast at the McGuire home which was attended by the relatives and intimate friends of the family. Mr. and Mrs. Hyde left this afternoon for their wedding journey. They will shortly sail for Europe, where several months will be spent. Their home is be be in New York. Among those who attended the wedding were Dr. and Mrs. Hugh McGuire, of this city, cousins of the bride.

POLICE COURT.

[Justice L. H. Thompson presiding.]

The following cases were before the court this morning:

James Lucas, charged with being drunk and with disorderly conduct, was fined $5.

Benjamin Hamilton, colored, charged with stealing groceries from Thornton Lucas, was fined $5.

Frank Townson, charged with being drunk and with disorderly conduct, was given 90 days.

Isaac Edney, colored, charged with disorderly conduct, was fined $5.

LUNA PARK.

Many people visited Luna Park last night and participated in the different amusements at that popular resort. Alexandrians, as has heretofore been stated, suffer no inconvenience now in boarding cars on their return home, as trains for this city leave from the gates of the park, affording all the accomodations that could be desired.

The Sunday school children of Bethany M. P. Church will hold their Children's Day celebration tomorrow morning at 9:30 o'clock.

ORDINATIONS.

A description of the ordinations of thirty deacons and fifteen secular priests, besides two members of a religious order, will, we think, be acceptable to our readers of all denominations, especially as it was conducted by his eminence, Cardinal Gibbons, so well-known and admired among us. The Baltimore Cathedral was filled to overflowing and the ceremonies lasted from 7 to 10:30 a. m. Among the attendant priests who assisted in the laying on of hands was Rev. Richard L. Carne, of this city, who went to Baltimore to see his friend, Deacon August Halbleib, of Richmond, where he was a printer eleven years ago, raised to the priesthood. We cannot enter into particulars, but will state that the ceremonial was a very solemn and affecting one and that the parents, relatives and friends of the candidates were there in large numbers, though they were chiefly from the north and west, but two being from Virginia and possibly one from North Carolina. The thirty deacons were young men who had not as yet completed their studies, but will almost certainly become priests next year, if not sooner. They were given no vestments, besides the albe and girdle stoles to be worn over left shoulders and fastened on their right sides at their waists. The alumni wore the deacons' dress for which the amices, albe, girdles, maniples, stoles and albe were substituted, one by one, during the mass and handed a paten with bread and a chalice with wine, the power to consecrate being given them thus and afterwards the power to absolve from sin by breathing upon them with the words "Receive ye the Holy Ghost, whose sins you shall forgive they are forgiven them." Then they received the Holy Eucharist in both forms and at the end gave their blessing to their parents, relatives and friends, when the ceremonies were over. Father Halbleib has been appointed assistant to the pastor of St. Mary's Church, Fredericksburg, and Father Braman to that of Falls Church.

The education of all was conducted by the faculty of St. Mary's Seminary, which has been gradually built up from a considerable piece of land, then outside of Baltimore, over a century ago, but now far into one of the best neighborhoods in the city.

DEATH OF OLD RESIDENT.

Mr. John W. Atwell, a venerable resident of this city, died at his home, No. 432 south Columbus street this morning. The deceased was in his 82d year. He leaves a widow and three children—two sons and a daughter. Mr. Atwell was born in Laurel, Md., but he removed to this city when a youth, and became an apprentice in the early fifties at the Smith & Perkins locomotive works, at the foot of Wolfe street. Among his fellow-workers at that time were the late B. F. Gambrill, Robert Rudd, James W. Shinn and James Waddey, all of whom subsequently held positions of trust at the shops of the Orange and Alexandria Railroad, now the Southern Railway. Mr. Atwell became foreman of the blacksmith shop, a position he held for a long period or until the weight of years compelled him to relinquish the same. He, however, continued to work until a short time ago. The deceased had outlived nearly all of the companions of his early days. He was popular with his many friends and acquaintances.

THE FOURTH OF JULY.

The Fourth of July, the greatest of all national holidays, is drawing near, and, in accordance with the law and his previous action, Mayor Paff will direct the police to see that the occasion is not marred by the senseless use in this city of guns, pistols, cannon-crackers or dangerous explosives. Mr. Paff has, since he has been in office, done much toward lessening such procedures on Christmas and Fourth of July, and while he has not succeeded in entirely eliminating the same, he has brought about more sane conditions than have heretofore existed. It is hoped the good work will go on and that the police will carry out his directions to the letter. The movement toward abolishing the discharge of explosives of any sort on any occasion in cities is national in its nature, and in many places the Fourth of July and Christmas are as quietly observed as is Thanksgiving Day. There is no good reason why such conditions should not prevail everywhere.

VISITED MOUNT VERNON.

Capt. Oscar Dahl, commander of the Haarfarge, the Norwegian coast defender which arrived at New York several days ago and which is on its way to the Jamestown Exposition, arrived in Washington yesterday with the Norwegian Minister M. Hauge, who met his countryman in New York and escorted him to the capital. Secretary Metcalf today escorted the party to Mount Vernon to visit Washington's tomb, and in the evening they will be the guests of the Norwegian Minister M. Houge, at dinner at the New Willard. The parlor car "Mount Vernon" passed through Alexandria with the party aboard. The car was in charge of Conductor Crockett and Motorman Robey.

MUSICAL RECITAL.

A musical recital by the pupils of Miss Devitt's Class was given at the Opera House last night. The pupils were assisted by Miss Mary Wild, soprano; Miss C. Truxwell, alto, and Masters W. Leishear, W. Killerlain and G. Herfurth, violinist. The premiums were awarded to Miss Agnes Killerlain and special premiums were awarded to Misses Bertha Baader, Mary Young, Isabel Langford, Leona Sullivan, Marguerite Finks, Leslie Bagrett, Rosie Peade, Julia Davis, Katie Eaton, Zelda Smith, Mary McCuen, Pearl Schwarzman, Edna Baader and Master W. Killerlain.

ORGAN RECITAL.

The organ in the Washington street M. E Church South has recently been rebuilt and many new pipes added by Mr. Reiley of Washington, the builder. On next Friday night, June 28, Dr. J. W. Bischoff will give a recital assisted by Miss Minna Heinricks, violinist; Miss Mabel C. Latimer, soprano; Miss Nellie O'Hare, alto. These are all well and favorably known to music lovers in this vicinity. The public is cordially invited; no admission will be charged, but a collection will be taken.

RIVER NOTES.

The schooner Willie and Mary loaded with lumber by Henry K. Field & Co., has sailed for Lodge Landing.

A barge is being loaded with lumber by Smoot & Co., for Fort Washington.

PERSONAL.

The Central Church, Atlanta, Ga., has given its pastor, Rev. T. H. Rice, an indefinite leave of absence that his health may be entirely restored. Mr. Rich was once pastor of the Second Presbyterian Church, in this city, where his many friends hope he will soon recover his health.

There are rumors that one of the Alexandria public school teachers contemplates changing her single for a double state of blessedness and that there may be a vacancy among the teachers before the reopening of the schools.

Mr. and Mrs. Adolfo de Nesti, who sailed for Europe last month, are now established at their villa in the mountains above Florence. Mrs. Armistead and Mrs. Lambert will join them after their tour through Germany.

Mr. and Mrs. T. Morson Dunbare have returned from their bridal tour and will be home to their many friends at 114 north Fayette street.

Messrs. H. N. Garner and L. N. Dufley who have been in Wytheville, where they took the law examination before the Court of Appeals, will return to their homes in this city, this evening.

Mrs. Helena Robertson, of New York, is the guest of Rev. and Mrs. C. D. Bulla, in this city.

Police Justice H. B. Caton is visiting friends out of the city.

Rev. C. E. Woodson and his daughter, Miss Edith, who spent the past few days with relatives in this city, have returned to their home in Norfolk.

Misses Bessie Herbert and Kittie Barrett left today for Cape Charles.

THE CITY VOTE.

The city democratic committee met at the Hotel Fleischmann last night and canvassed the ballots cast in this city during the congressional primary Wednesday. The vote, as heretofore published—Carlin, 1,145; Nicol, 237, and Gordon, 17—was found correct.

No action was taken by the committee concerning a primary to nominate a candidate for the House of Delegates.

STRUCK BY A TRAIN.

George Newcomb, of St. Asaph, sat on the side of the electric railway track at Four-mile run about ten o'clock this morning, and was struck by a train on that road and cut about the head. He was brought to this city, where his injuries, which were not serious, were attended by Dr. Jones. Newcomb says the railway company was not to blame.

CIRCUIT COURT FOR THE COUNTY

[Judge L. C. Barley presiding.]

Com. vs. John Minor, colored, indicted for assault with intent to kill; prisoner plead guilty of simple assault, and on account of his age, he being but 15 years old, he was sent to jail for 30 days.

M. E. Church vs. S. M. Davis et al.; a suit to recover the amount of commission on the sale of a piece of land; jury and case in progress.

The criminal cases are set for trial next week.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

LOCAL BREVITIES.

The Children's Day celebration of the Sunday school of the Village Chapel will be held tomorron night at 8 o'clock.

The agency of the Washington Herald will after Monday next be at Mr. George W. Pettey's store, 529 King street.

Mr. Geo. W. Kelly has sold to Mr. J. H. Kicherer a house and lot on the north side of Gibbon street, between Washington and Columbus.

Several pistol shots were heard on north St. Asaph street last night. The shots, it is said, were fired by a policeman who was endeavoring to kill a vicious dog.

There was an abundant supply of country produce in market this morning, and prices for many articles were weaker. Butter had declined to 20 cents a pound, but eggs were practically unchanged.

Mr. S. H. Lunt sold at auction today in front of the Royal street entrance to the Market building a lot of ground 39x100 feet situated on the north side of Oronoco between Washington and Columbus, to Messrs. Garrett & Monroe for $685.

The six annual session of the Washington district league conference of the Methodist Episcopal Church South will take place at Fredericksburg, June 25-27. A number of prominent speakers will deliver addresses. It is expected that a number from this city will be in attendance. Rev. Charles D. Bulla, paster of the Methodist Episcopal Church South of this city, is president of the conference.

The Epworth League of the Methodist Episcopal Church last night held its regular monthly meeting, at which time an interesting musical and literary programme was rendered.

The teachers of the public school were all paid their June salaries today and the affairs of the session brought to a close.

The mercury today reached to 90° mark.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumanic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Telegraphers Strike.

Strike-ridden San Francisco had another strike added to the list yesterday afternoon when the 250 telegraph operators employed in Oakland and San Francisco by the Western Union and the Postal Telegraph companies left the keys at 3:30 o'clock and walked out of the offices, practically tying up the service. Three short blows on a police whistle gave the signal, and the operators rose from the tables, put on their coats, and quit work.

The operators in San Francisco and Oakland were dissatisfied with the letter written by President Clowry, of the Western Union, to Labor Commissioner Neill, and insisted that their demands for a 25 per cent increase in wages be granted. President Small, of the Commercial Telegraphers' Union, arrived Thursday and after considering the situation, ordered the strike unless the increase was granted. Both the Western Union and the Postal officers declined to grant the 25 per cent increase or to consult with the union. They expressed a willingness to consider any advances asked by their employes as individuals, but this did not satisfy the men.

So long as no attempt is made to bring in operators from outside points, the strike will be purely local for San Francisco and Oakland. If, however, the company attempts to bring on men, operators in other cities may be called out.

Do Not Neglect the Children.

Notice to City Taxpayers.

Collector's Office, June 17, 1907.

Notice is hereby given that the tax bills for 1907 are now in the hands of the collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of that year:

"Upon all bills paid in full by the 1st day of July, 1907, the Collector of Taxes shall allow a discount of ten per cent., and on all bills paid by the 1st day of September, 1907, he shall allow a discount of five per cent., and on all bills not paid on the 1st of December, 1907, there shall be assessed and collected a penalty of five per cent. upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1908, damages at the rate of six per cent. per annum shall be paid."

Taxpayers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

P. F. GORMAN,
je17tjy1 Collector City Taxes.

TO THE OWNERS OF DOGS.

MAYOR'S OFFICE,
Alexandria, Va., June 12, 1907.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1907,

and take out a license for the same from the Auditor. After the 30th of June all persons owing or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3.00 or $5.00.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for licenses to the Auditor.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the License law: "On every dog, regardless of sex, one dollar and fifty cents."

NOTICE TO GAS CONSUMERS.

Gas bills for the quarter ending June 1, 1907, having been delivered, this is to notify all customers that the usual discount will be allowed on all bills paid on or before July 1, 1907. After that date no discount will be allowed and delinquents will be required to make early settlement. By order of the Committee on Light. J. B. WALLER,
je15 td Clerk of Gas.
